Greetings!

Many thanks to everyone for a fabulous 2009 Spring Nationals! Once again, your hard work paid off with a well organized event that was great fun for so many. It is wonderful to see so many families coming out to see the cars and participate.

David and I want to thank you for your generous contribution to North Country Life Flight. They provide such a valuable service in our region, very hard working and they generally do their good work without any publicity. Your support will help save lives.

It would have been a super weekend even if we had come home without awards for the Camaro and my daughter's new digital camera and printer I won in the raffle, but hey, that was the icing on the cake! Thanks for everything and happy and safe cruising.

Sincerely,

Jan & David Washburn
